

GlaxoSmithKline - ALLSA

Asthma and Allergic Rhinitis Research Grants 2016

The GlaxoSmithKline Research Fund has been made available to The Allergy Society of South Africa by GlaxoSmithKline for the purpose of promoting research in the field of asthma and allergic rhinitis.

Each research grant will be a maximum of R50 000

The GlaxoSmithKline Research Grant is tenable at any recognised local University or research institution approved by the Selection Committee.

Medical Graduates of South African medical schools or graduates who have been domiciled in South Africa for a minimum of three years, who registered with the Health Professions Council and are members of the Allergy Society of South Africa will be eligible to apply for the GlaxoSmithKline Research Grants.

Applications will be considered for research projects relating to asthma and allergic rhinitis, whether basic or applied; however conventional drug trials will not be acceptable.

Closing date for application:

31 October 2015

*Application details can be obtained from the ALLSA office.
Please visit the ALLSA website at www.allergysa.org to submit your electronic application. Please note that only electronic submissions from fully paid-up ALLSA members will be processed.*
